

# Venture e-Asset

## Enterprise Asset Management System

Venture e-Asset is an **ideal** solution for you if your organization is located in many locations with **large number of assets** where traditional tracking is difficult and costly

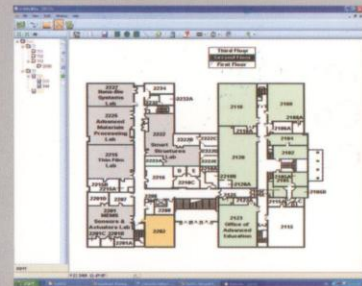

The screenshot displays a web-based interface for asset management. At the top, there is a header with the company logo and the text 'SEKUTUAN MALAYSIA' and 'SENARAI DAFTAR BAKUL MODAL'. Below this is a table with columns for 'NO', 'NOMOR ASSET', 'LOKASI', 'STATUS', and 'MILETAH'. The table contains several rows of asset data, including asset numbers, locations, and status indicators.

Try **Venture e-Asset for Government** that complies to Government Circular on Asset Management

Use **Venture AssetMap** module to view and operate your asset management in **graphical mode**. **Venture AssetMap** will make your asset management enjoyable

Use **Venture BarCode** module to print your asset barcodes or read asset information using barcode readers

Venture is a MSC Status and CMMI Certified company specializing in software development in Enterprise Asset Management Solutions. Among the key products are **Venture e-Asset, Venture e-IT Asset and Venture e-Maintenance**
